

MCI Capital placed bonds for a total of over PLN 95 million

18.02.2022

- In total, as part of the public bond issue program, we managed to place securities with a value in excess of PLN 95 million on the market. In the first tranche, conducted in November last year and treated by us as a pilot, it was over PLN 15 million. The second tranche, implemented for over two weeks in February, was much larger and was successful, because we collected over PLN 80 million in it - says Ewa Ogryczak, vice president of MCI Capital.
