

MCI with a bond program worth PLN 100 million

26.06.2025

MCI Capital has announced the commencement of work on a public bond issue program with a total value of up to PLN 100 million. It is intended for institutional and individual investors. „It serves to build a liquidity buffer, which can be used both for the implementation of new investments and the repayment of public bonds of the T1 and T2 series maturing soon,” - says Ewa Ogryczak, vice-president of the fund, in an interview with Gazeta Giełdy i Inwestorów „Parkiet”.
