

MCI's creator on the Forbes Polska cover

27.01.2022

Twenty years ago there was not a single unicorn in our region, and today there are about forty, of which twelve have passed through our portfolio – says Tomasz Czechowicz with whom Krzysztof Domaradzki talks about the explosion of regional technology companies, the new decade on the Warsaw Stock Exchange (GPW) and business investment in the pandemic era. “Tomasz Czechowicz is one of the great winners of recent months. Since the outbreak of the pandemic, his fund MCI Capital has increased in value by about 150 percent” – we can read in the magazine.
