

MCI's support for Israeli-founded companies Gett and Papaya Global

10.10.2023

MCI Capital Group, which is a financial investor of Israeli-founded companies: Gett (Ground Transportation Management) and Papaya Global (HR tech solutions provider) is closely monitoring the development of the situation in this country.

- We are deeply touched by the sudden attack on Israel. We deeply believe that this conflict will end quickly and the country will return to a stable social, political and business situation. We stand with all Israeli families in this difficult time - says Tomasz Czechowicz, managing partner of MCI Capital.

Gett is an Israeli-founded B2B Ground Transportation Management (GTM) platform & marketplace and B2C ride-hailing app. It operates in the UK, Israel, Germany, Switzerland and the United Arab Emirates.

Papaya Global specializes in payroll and HR services for international companies, and its clients include, among others: Microsoft, Toyota or Vimeo. It offers solutions enabling efficient settlement of employee liabilities and onboarding of employees in over 160 countries around the world.
