

Noble Securities recommends BUY MCI Management stock

02.12.2013

Noble Securities began issuing recommendations for MCI Management by recommending BUY. The target price for the fund's stock was set at the level 13.56 PLN, giving a 33% growth potential above the listed price on the day the report was published.

In the report dated 27 November 2013, the analysts of Noble Securities highly evaluated the growth potential of MCI management share price. They emphasized effective investment portfolio diversification, visible through the decreasing role played by ABC Data in the assets of the MCI Group and the exposure of the investment portfolio to the continuing bull market in the segments of small and medium enterprises.

Noble Securities emphasizes that MCI has public listed companies in its portfolio. In the case of ABC Data, they expect strong increases in the value of the company on the Warsaw Stock Exchange as a derivative of maintaining high results growth dynamics in connection with the prevailing bull market on the Warsaw Stock Exchange. Furthermore, MCI plans to exit some portfolio investments in the years 2014 and 2015, which should be made easier by favorable market conditions. Another argument according to Noble securities for the attractiveness of MCI stock is the growth potential of its portfolio companies that will be reflected through increasingly better results of the fund and thus its market capitalization.

The positive appraisal of the potential and prospects lying ahead of MCI Management's portfolio companies convinced the analysts of global securities to issue a BUY recommendation and set a target price in the nine-month horizon at the level of 13.56 PLN. Because the share price on the day the recommendation was published was 10.22 PLN, the growth potential for MCI stock was estimated at 33%.
