

Norbert Biedrzycki in the Board of MCI Management

26.09.2012

On 24 September 2012, the Supervisory Board of MCI Management SA took a resolution to summon Norbert Biedrzycki to the Management Board of the Company, who will act as VP of the Board starting November 1. The new Partner will be responsible for investments of the MCI.EuroVentures fund and will take charge of ABC data SA, which is the largest asset in the investment portfolio of the public-listed Private Equity Group.

“I am very glad that a manager with such unique experience on the Polish market in the sector of new technologies has joined our team. I believe that the international knowledge and skills in managing TMT companies of Norbert Biedrzycki will positively translate into building value of our investments and thus contribute to strengthening the position of MCI on the European private equity market” – said Tomasz Czechowicz, President of the Management Board and Managing Partner of MCI Management SA.

Norbert Biedrzycki graduated the faculty of Information Technology and Mathematics at the Warsaw University and the faculty of Management and Finance at the Warsaw School of Economics. He is also a Thames Valley MBA. Since 1994, Norbert Biedrzycki worked in Oracle Polska Sp. z o.o., where he was responsible, among others, for creating the business applications department and bringing those application products to the market. He was also the head of the implementations department. In 2002, he began work in McKinsey and Company Polska Sp. z o.o. As a Junior Partner in the Business Technology Office, he handled customer service in the sectors of telecommunications and high-tech on the European market. In the years 2010 – 2012, he held the position of President of the Management Board in the company Sygnity SA, where among others he restructured the company and stabilized its financial results.
