

# Real Business Transformation

25.06.2026

Strefa Biznesu spoke with Tomasz Czechowicz, founder and CEO of MCI Capital. Czechowicz argues that in the new investment cycle, the winners will be funds capable of genuinely transforming businesses — technologically, operationally, and through active ownership. MCI aims to be one of those players: specialised in the digital economy, increasingly focused on buyouts, self-financing, independent from politics, cash-flow driven, and leveraging AI. And the opportunities ahead are plentiful.
