

WNP Awards

04.02.2025

MCI Capital has been recognized as one of the winners of this year's WNP Awards.

The WNP Awards, presented annually by the WNP.pl portal, recognize individuals, institutions, and enterprises that have recently made a significant and groundbreaking impact on the Polish economy. The awards honor those who, through bold initiatives and effectively executed projects, set trends, shape development directions, and proactively respond to emerging challenges.

"I am truly grateful for this award. It is particularly meaningful as it recognizes a company that operates in both the new technologies sector and the capital market – two essential pillars of a modern economy," said Paweł Borys, Managing Partner at MCI, while accepting the award.

The WNP Awards are traditionally presented during the annual EEC Trends Conference, a key event leading up to the European Economic Congress.
